Business model canvas

888147 - Innovation Entrepreneur

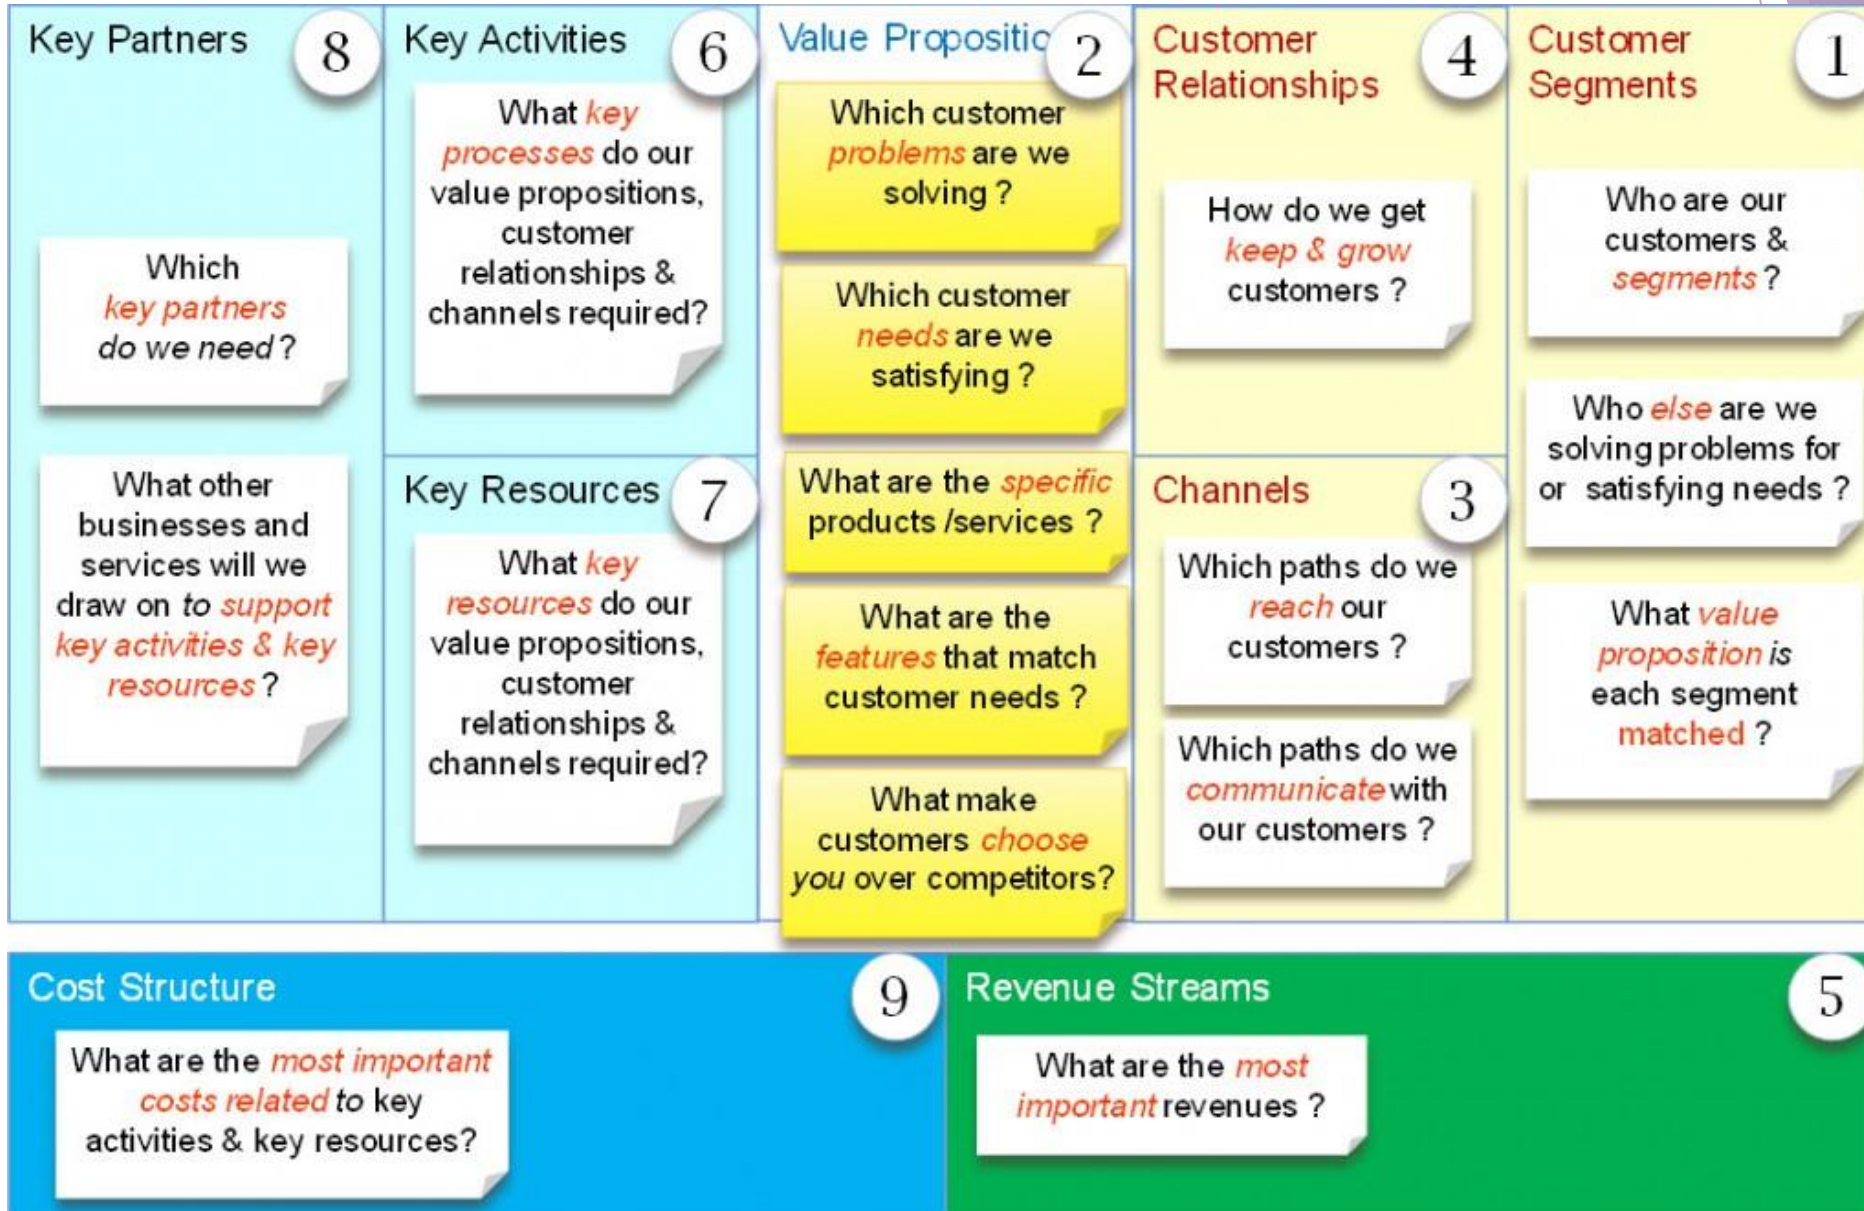

What is a business model?

- A plan
- shows the business
- a way to create a clear business model on one page
- can describe any company

Business model canvas

Business Model Canvas

vocab

Business Model Canvas

business model

- “how a company creates value for itself, while delivering products or services for customers”

‘org’ chart

- is an organization chart, departments / people, top to bottom

value proposition

- what do you want to sell, (and for who - solving a problem, need or pain point of a customer)

persona

- what you think of as your typical customer

Business Model Canvas

assets

- things owned and of value

license / subscription model

- selling a product or service to receive a monthly or yearly subscription fee

capital

- a financial asset

intellectual property

- a work that the creator & owner has rights such as copyright or a patent

Business Model Canvas

fixed costs

- business costs that do not change, such as rent

variable costs

- business costs that can change, such as an electric bill

economics of scale

- items are cheaper to produce when you produce them in large quantities
